

Historic Home Chapel

You can own this limited edition ceramic-lighted replica of the “Home Chapel” as it once was!

It will fill a treasured spot in your home for years to come! Also known as the “Protestant Chapel,” it was one of the first permanent structures built at the Soldiers Home. First dedicated in 1870, it was rededicated May 3, 2012 after refurbishment by the VA. This was the first permanent government-constructed church in the US built for veterans and by veterans!
